Dear Mr. Dulles:

I do want to thank you for the very excellent talk which you gave at Walter Reed Officers' Club on Sunday evening to the Society of Medical Consultants to the Armed Forces. Everyone was unanimous in telling me that this was the best Sunday evening session that the Society has had in its fourteen years of existence. This was entirely due to you.

I did enjoy seeing you again and was very much interested in your idea of having an advisory group of consultants to your department. If I can be of any service in this regard, I should be most interested, and willing to do anything within my capabilities to foster such an idea.

With best regards.
